Collecting Tools Quiz

Match the correct answers and pictures to the descriptions. Write the letters next to the numbers. Say out loud the name of the item pictured.

_____1.) This helps me see the detailed artwork on my stamps.

_____2.) When I hold a stamp up against this gauge, it tells me the size of the perforations.

_____3.) Stamps can be kept safe in these non-stick envelopes until I can put them in my album or stock book.

_____4.) We use these to protect our stamps from oils and dirt on our hands.

_____5.) I can organize my stamps into this book so that I can enjoy looking at my awesome collection and show my friends and family.

_____6.) If I collect used stamps, I can use these to attach stamps in my album

_____7.) I can use these in albums to protect my more expensive and mint (unused) stamps.

_____8.) These pages can be used for beginner collectors to display stamps or to store duplicates of the same stamp.

_____9.) When I want to find the Scott number, description, age, and value of a stamp, I use this.

_____10.) I might need to use this to check for watermarks in the paper of a stamp by pouring a special fluid into the tray and soaking the stamp in it. It is easier to see a watermark by looking on the back of the stamp.

Check your answers on the back->
